

# 10 most-read articles of 2017 on Alert Diver

Here is a look back at our most popular pieces of the past twelve months. It's a diversified collection, from practical tips to inspiring writing about the underwater world.

The balance is composed of mission-related pieces, such as expert opinion about drugs and medical issues, or safety devices and how to use them. The article on [Flying after diving](#) continued to grip everyone's attention, so it's again the most-read piece of the year.

To all our readers: Thank You for coming back again and again to our articles, making 2017 the most successful year of this young online magazine with old roots.

If you're not a loyal Alert Diver reader, we hope you'll become one in 2018. A good way to stay up-to-date is sign up to our newsletter, by simply [registering](#) on the DAN website or joining DAN.

Here's to another great year... DAN will be, as always, by your side!
